We strive to meet the social-emotional learning needs of all students through 1.6 evidence-based programming and practices. In KPRDSB, the principal leads the implementation of the Special Education 1.7 model in the school, including programming, organizational structures and environmental conditions. 1.8 Our classroom teachers are the primary educators for all students. Teachers require the support of the principal, and may require the support of special education support staff, other teachers

1.15	We will hold transition meetings in a timely manner with all relevant stakehold for students with special needs who are changing placements, in order to share information and make th
